Re: Noise Mitigation Program

Dear Jacques:

Per your e-mail request regarding Aviation's Phase III Sound Insulation Program, the Property Appraiser's Office will not increase the Just Value of homes and businesses which have been mitigated for noise. Please provide our office with a list of folio numbers for the properties within this program so we may code our records when the permits come through our system.

Thank you for advising our office of this ongoing program. If my office can be of assistance to you in future matters, please do not hesitate to contact us directly at (954)357-6904.

Sincerely,
